

Diaz Plastic Surgery Specialists Accessibility Statement

Diaz Plastic Surgery Specialists is committed to making our offerings accessible to all, including people with disabilities. We are continually improving the user experience for everyone by applying the relevant accessibility standards. The ongoing accessibility effort works towards conforming to the Web Content Accessibility Guidelines (WCAG 2.0 AA or current).

We are engaged in, and continue to actively pursue, accessibility conformance via ongoing updates to our website. As needed, we consult with 3rd party accessibility experts (**Tech For All**) regarding universal access.

As we strive for accessibility on our web site, we acknowledge some users may experience a barrier when trying to complete a form or understanding the meaningful difference between before and after surgical procedure photographs/videos.

We welcome to assist and receive your feedback on accessibility, for further assistance, please contact us at: care@diazplasticsurgery.com or by calling (321)951-2639. Our goal is to respond to inquiries in a timely manner.
